- BA IN FASHION
- BCOM IN FASHION
- BA HONOURS IN FASHION

DIVERSIFY AND SPECIALISE IN:

- FASHION BUYING
- FASHION MEDIA

# LISOF ESTABLISHED IN 1993

## CAMPUSES: JOHANNESBURG AND PRETORIA

LISOF has the reputation of being the most progressive Fashion Design School and Retail Higher Education Institution in Africa.

We have achieved this by:

- developing curricula that are unequalled in variety and depth,
- employing and consulting leaders at the cutting edge of fashion, retail and education
- fostering individuality, innovation and creativity.

Studying at LISOF means that you will not only be educated at a prestigious fashion design school but you will also be exposed to the industry and be able to network within the community.

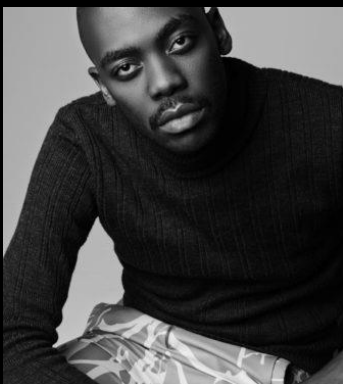

**“South Africa has a rich vein of creative talent, which LISOF has been instrumental in exploring over the past two-and-a-half decades,” says CEO Shana Rosenthal. “Our success is attributable to developing and delivering curricula that are relevant, progressive and forward thinking in line with the needs of the fashion industry.”**
